Work Experience

BT Group / Senior Product Designer

MAR 2023 - PRESENT      BRISTOL

Lead designer on a multi-disciplinary team of 9 in the production of a immersive customer experience for BT Wholesale. Responsible for planning, strategy, innovation and direction. Collaborated with key stakeholders and business partners, ensuring outputs are driven with user empathy and insights. Management responsibilities for 3 junior designers.

BT Group / Product Designer

MAR 2022 - MAR 2023      BRISTOL

Methods Analytics / UX/UI Designer

NOV 2020 - MAR 2022      BRISTOL

Part of the design team at a data digital agency. My role consists of following Agile - from conducting user research to implementing findings into prototypes. I worked with some notable clients - such as NHS England, Birmingham City Council and the MoD.

ALOM Group / UX/UI Designer

JUN 2020 - NOV 2020      MANCHESTER

Leading the design team at a FinTech organisation. My role consisted of user research, persona creation, rapid prototyping and interactive hi-fidelity applications. I helped oversee project management, working within Agile methodology.

codeWest / UX/UI Designer

FEB 2019 - SEPT 2019      BRISTOL

I designed and developed products ranging from a fundraising application (for UniteStudents) to an investment application (for InvestWest). I created interactive prototypes and collaborated with the development team.
